Ord. 04-08, Amending Chapter 101, Second Reading and Advertised Public Hearing – Administrator Lusk

Mayor Beyrouti opened the Public Hearing. Attorney Denhardt read Ord. 04-08 by title only. Mayor Beyrouti explained that these amendments stem from complaints from residents in District 3 in regard to loud music. Chief Williams has told the Commission the present Noise Ordinance is not enforceable. Chief Williams addressed the Commission. The Town's ordinance is almost identical to Treasure Island's ordinance; which a judge stated had ambiguous language. Chief Williams had recommended taking out the reference to the times in regard to loud and raucous noise and the fifty-foot rule. Mayor Beyrouti asked Chief Williams if the change in the ordinance is making the ordinance stronger or tougher, as there are some residents concerned about these amendments. Chief Williams explained that they are not making it any tougher; they are just trying to clear up the ambiguous language. Chief Williams told the Commission that he has had no calls opposing the change in the ordinance.

Resident, Jim Goodmen asked if there was anything in the ordinance in regard to motorcycle noise. Chief Williams explained that they do try to control this issue, but most of the motorcycles come and go and enforcement is difficult. Resident, Ed Curtin asked whom or what determines loud noise, a police officer or a meter. Chief Williams explained meters would not be used, but the determination would be by an experienced police officer. There being no further discussion, Commissioner Holmes moved to adopt Ord. 04-08 on second reading, seconded by Commissioner Reynolds. Roll call: all yes. ( Attached to the minutes are two petitions)

Mr. Talley said by 2008 water will cost \$4.50 per gallon.

Appeal Board of Adjustment Decision, 149 Beach Ave., Owner, Diez – Commissioner Reynolds

Commissioner Reynolds told the Commission Mr. Diez went before the Board of Adjustment and asked for a variance from his rear setback from 20ft to zero lot line. The Board of Adjustment denied the variance and Mr. Diez would like to appeal this decision. Mr. Diez addressed the Commission. Mr. Diez explained that his hardship is the small lot and the current setbacks, his father being old; the request is for a safety factor. Mr. Diez submitted to the Board of Commissioners letters from surrounding neighbors having no objection to expanding the deck. The current deck is 3ft x 3ft. Mayor Beyrouti told the Commission that the Finance Committee has met and the millage rate will remain the same at 1.6800, the second lowest in the County. LDU Revision – Administrator Lusk

Mayor Beyrouti told the Commission that after reviewing the revision ideas, he is recommending that after \$100,000.00 in LDU Fees, the Town of Redington Shores be able to negotiate with the developer for any monies above \$100,000.00. In the past there has been no big development in Town, but with the development that has been happening lately, there is a need to revise the calculation of fees for the LDU money. Commissioner Reynolds asked where the \$100,00.00 figure came from. Mayor Beyrouti explained that there had to be a starting point for a cash figure. Commissioner Reynolds asked if \$50,000.00 would be more of an incentive for development. Mayor Beyrouti told the Commission he felt \$100,000.00 is a fair amount and does not want to lose money for the Town. Commissioner Holmes moved to instruct Attorney Denhardt to amend the LDU Ordinance with the language contained in his memorandum dated July 8, 2004 (copy attached). seconded by Commissioner Reynolds.
